

### MAINTENANCE

## ELECTRO FAST

SUPERFAST DRYING, NON-FLAMMABLE HEAVY DUTY CLEANER/DEGREASER FOR ELECTRICAL PARTS

#### DESCRIPTION

**ELECTRO FAST** is a non-conductive degreasing electro cleaner which evaporates instantly and fully and is non-corrosive. **ELECTRO FAST** is a blend of chlorinated solvents and surface-active agents.

#### APPLICATION

**ELECTRO FAST** is used for fast and safe removal of all common contamination on all electrical components. It has no flash point and can be used safely on running equipment.

#### USE AND DOSING

If used in an enclosed space, keep the area well ventilated. Prior to cleaning, remove all rubber parts or test them for tolerance on the product.

**ELECTRO FAST** is used neat. Do not use any solution or emulsion.

Apply by brushing, dipping, or with non-atomizing spray. Use solvent-resistant gloves and safety glasses, with splash protection. Allow **ELECTRO FAST** to completely evaporate, leaving surface dry. Rinsing is not required after degreasing.

#### PRODUCT PROPERTIES

May swell rubber. Preliminary test should be conducted on polymethacrylate and silicone varnishes. General Instructions: Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before and during use.

Appearance:	Liquid	pH (undiluted):	N/A
Type:	Organic based	Pour Point:	<-15 °C

- ✓ Rapid penetration
- ✓ Fast and powerful solvent
- ✓ Extremely quick drying
- ✓ Complete evaporation leaving clean dry surface
- ✓ Non-flammable
- ✓ Non-corrosive
- ✓ Harmless to electrical insulation
- ✓ Can be used on all normal components
- ✓ High dielectric constant
- ✓ Recommended for application by non-atomizing spray avoiding the need of extensive dismantling
- ✓ Cost-effective

#### PROBLEMS SOLVED

- ✓ All common contamination on all electrical components

#### APPLICATION AREAS

- ✓ Motors
- ✓ Generators
- ✓ Switchgear
- ✓ Contacts
- ✓ Coils
- ✓ All electrical components

PRODUCT CODE: MC 190
