

MAINTENANCE

NATURAL SOAP L

MULTI-PURPOSE LIQUID SOAP DETERGENT

DESCRIPTION

NATURAL SOAP L is a superior, biodegradable, pH-neutral, liquid detergent with good foaming qualities. **NATURAL SOAP L** contains wetting agents that allow rapid penetration to remove light oil, grease, grime or dirt from any given surface. It does not contain nonyl phenol ethoxylates or other estrogenic compounds, is non-flammable and acceptable for use in food areas.

APPLICATION

NATURAL SOAP L is highly recommended for use aboard ships and in laundries, hospitals and maintenance departments of all industries. Light oil films on paintwork can be washed away easily with **NATURAL SOAP L**.

NATURAL SOAP L is a real time saver when used for cleaning dishes, woodwork, floors, leatherwork, desks, toilets, showers, reefer boxes, portholes, windows, paint brushes, automobiles, lorries, rugs etc. Not recommended for laundry washing machines due to high foaming properties.

USE AND DOSING

Depending on the degree of contamination, **NATURAL SOAP L** should be mixed with warm water at a dose rate of 50 to 200 ml per 10 ltrs, i.e. 1 cup to a bucket of water.

NATURAL SOAP L solution can be easily applied by mops, brushes or rags, or dip the soiled articles in **NATURAL SOAP L** solution. After cleaning, rinse-off with cold or warm water.

PRODUCT PROPERTIES

Compatible with all normally used metals and their alloys. It is recommended to test all cleaning chemicals on a small area of the object to be cleaned, before full scale application. General Instructions: Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before and during use.

Appearance:	Liquid	pH (undiluted):	Neutral
Type:	Water based	Flash Point:	None
