

MAINTENANCE

ULTRA POWER

GENERAL PURPOSE WATER-BASED CLEANING & DEGREASING AGENT

DESCRIPTION

ULTRA POWER is a multi-purpose compound, specifically formulated to meet the marine industry's requirements for cleaning actions, safety and environmental considerations. This product combines heavy-duty cleaning ingredients with fast-penetrating wetting agents powerful enough to remove stubborn soils, while remaining mild enough not to harm most surfaces. **ULTRA POWER** provides an excellent alternative to traditional solvent-based and highly alkaline cleaners.

APPLICATION

ULTRA POWER covers the vast majority of cleaning operations, such as engine room and engine, Ro/Ro and ferries car deck bulkheads, refrigeration spaces, fishing vessel holds, cargo holds and tanks, general ship and yacht boat exterior.

USE AND DOSING

Instructions are based on experience and are meant only as a guide since circumstances for each tank cleaning operation vary. They are not intended to interfere with the judgment of the vessel's responsible personnel.

Apply **ULTRA POWER** diluted 5-20% in fresh water, preferably warm, on soiled surfaces using brushes, rags or hand spray. Allow 5-10 minutes for the product to act and rinse off with plenty of water. If surfaces are highly contaminated, a preliminary cleaning is required to remove excess residues and higher dosages of the product may be also used, provided that all necessary precautions are taken.

For increased residential time of the chemical when applied on vertical surfaces, add **ALPHA FOAM BOOST** and inject using spray foam equipment.

PRODUCT PROPERTIES

Concentrated product is incompatible with aluminum, zinc, tin and their alloys. It is recommended to test all cleaning chemicals on a small area of tank coating or the object to be cleaned, before full scale application. General Instructions: Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before and during use.

Appearance:	Liquid	pH (undiluted):	Alkaline
Type:	Water based	Flash Point:	None

- ✓ Excellent for multipurpose cleaning
- ✓ Suitable for hydrocarbon-free cleaning
- ✓ Versatile and easy to use
- ✓ Does not require special handling and storing
- ✓ Contains no solvents or caustic-based cleaners
- ✓ Non-flammable
- ✓ Leaves no oily film

PROBLEMS SOLVED

- ✓ Lighter oil and organic residues
- ✓ Animal oils
- ✓ Carbonized deposits
- ✓ Heavy greases
- ✓ Traffic film

APPLICATION AREAS

- ✓ General cleaning tasks
- ✓ Cargo holds and tanks
- ✓ Deck
- ✓ Garage
- ✓ Refrigeration spaces
- ✓ Fishing vessel holds
- ✓ Boat exterior
