

ULTRA POWER

WATER BASED ALKALINE CLEANER FOR INDUSTRIAL USE

DESCRIPTION

ULTRA POWER is a concentrated alkaline non-caustic, odorless, and non-flammable water soluble cleaner. It comprises a mixture of surfactants, wetting agents and alkaline regulators and it is user and environmentally friendly, completely biodegradable and without being harmful to biological treatment. **ULTRA POWER** is particularly effective in the removal of vegetable and animal fats & oils, oil pollutants, greases, smoke, soot, waxes, watercolors, etc.

APPLICATION & USE

The concentrated composition of **ULTRA POWER** in combination with its water solubility, it make it suitable for use with washing machines, high pressure spray guns and foam guns. **ULTRA POWER** is a product with many applications, such as cleaning painted and non-painted surfaces of all kinds as well as machinery components, in paper mills food industries, workshops, garages, power plants, steelworks, refineries, etc.

Apply **ULTRA POWER** by spraying the surface and allow 10-20 minutes for the product to act, before rinsing it off with cold or hot water under pressure. For general cleaning it can be applied by brushing / scrubbing and then rinsing with water.

ULTRA POWER can be used undiluted or diluted with water, from 1:4 up to 1:100. The dilution of the product depends on the severity of the contamination.

PACKAGING

ULTRA POWER is available in 25 ltr pails and 208 ltr drums.
