

## CITROUS POWER

WATER BASED CLEANER/DEGREASER  
BASED ON CITRUS EXTRACTS

### DESCRIPTION

**CITROUS POWER** is a water-based clear microemulsion, which contain special surfactants, wetting agents and solvent from citrus extract. Its specialized composition makes this products a powerful cleaner/degreaser with a wide range of applications, particularly effective in removing vegetable and animal fats & oils, oil pollutants, greases, soot, waxes, cutting liquids, etc. **CITROUS POWER** is a fully biodegradable product, user and environmentally friendly and does not affect biological treatment.

### APPLICATION & USE

**CITROUS POWER** is used neat or diluted up to 1 to 25 parts of water, for cleaning garages, workshops, tools, floors, chimneys, painted and non-painted surfaces, machinery and their components, etc. The dilution of the product depends on the severity of the contamination. The usual method of application includes spraying the surface to be cleaned with **CITROUS POWER** solution, leaving it on the surface for 10-15 minutes to act and rinsing with cold or hot water under pressure.

**CITROUS POWER** can be applied by brushing the component or the surface to be cleaned and after 5 minutes, rinsing it with water. Also, this product can be used for cleaning using ultrasonic tanks, by immersing the components.

### PACKAGING

**CITROUS POWER** is available in 25 ltr pails and 208 ltr drums.

- ✓ Biodegradable alkaline water soluble product containing citrus extracts
- ✓ Wide range, effective cleaner/degreaser with high dilution capability
- ✓ Rinses easily, leaves no oily film
- ✓ Non caustic, non-corrosive and does not affect paints
- ✓ Safe to use, non-flammable, non-toxic product.
